

CORAL FRONTIERS & KIMBERLEY ICONS

11 DAYS / 10 NIGHTS / DARWIN ↔ BROOME

ABOARD CORAL GEOGRAPHER

A remarkable combination of Kimberley coastlines and far-flung coral atolls. Discover sandstone gorges, ancient rock art, spectacular tidal landscapes and exceptional offshore reef environments aboard an intimate expedition vessel.

VOYAGE HIGHLIGHTS

King George River • Ashmore Reef • Scott Reef • Montgomery Reef • Horizontal Falls region • Lacepede Islands • Rowley Shoals

DAY 1 | Depart Darwin or Broome

Board Coral Geographer, settle into your cabin and meet the expedition team at the Captain's Welcome drinks. Darwin: embark 8:00am; depart 9:00am. Broome: meet at Mangrove Hotel 3:30pm; embark 4:00pm; depart 5:00pm.

King George River

[VIEW DESTINATION PHOTO](#)

Travel through a magnificent sandstone gorge by Xplorer tender. Towering cliffs, sculpted rock faces and narrow waterways reveal the extraordinary scale of the northern Kimberley.

Ancient Rock Art Galleries

[VIEW DESTINATION PHOTO](#)

Join guided shore visits to selected Wandjina and Gwion Gwion rock art sites, learning about the cultural significance of these remarkable sandstone galleries.

Ashmore Reef

[VIEW DESTINATION PHOTO](#)

Discover a remote marine sanctuary known for seabirds, nesting turtles and coral habitats. Wildlife viewing and water activities depend on conditions and access permissions.

Scott Reef

[VIEW DESTINATION PHOTO](#)

Explore isolated reef landscapes on the continental shelf. When conditions allow, snorkelling and diving offer a close-up look at tropical fish and diverse coral communities.

Montgomery Reef

[VIEW DESTINATION PHOTO](#)

Witness one of the Kimberley's great tidal spectacles as falling water exposes the reef platform and sends streams cascading into surrounding channels. Watch for turtles and feeding seabirds.

Horizontal Falls & Buccaneer Archipelago

[VIEW DESTINATION PHOTO](#)

Cruise among rugged islands and narrow waterways near Talbot Bay. Powerful tides create the celebrated Horizontal Falls phenomenon; viewing and access are subject to restrictions and conditions.

Lacepede Islands

[VIEW DESTINATION PHOTO](#)

Observe an important seabird and green turtle breeding habitat from expedition tenders, weather permitting. Brown boobies, terns and other coastal birds are among the attractions.

DAYS 9-10 | Rowley Shoals

Spend two days exploring the remote atolls of Mermaid, Clerke and Imperieuse Reefs. Clear lagoons, coral gardens and abundant marine life make this a highlight for snorkellers and divers.

DAY 11 | Arrive in Broome or Darwin

Broome: scheduled disembarkation at 8:00am with town or airport transfers. Darwin: scheduled disembarkation at Fort Hill Wharf at 9:30am with transfers included.

IS THIS THE RIGHT CRUISE FOR YOU?

Coral Frontiers & Kimberley Icons blends famous Kimberley landscapes with remote offshore reef exploration. It particularly suits travellers who value marine life, snorkelling and diving alongside cultural and coastal experiences.

YOUR EXPEDITION SHIP

CORAL GEOGRAPHER

A small-ship expedition vessel carrying up to 120 guests, with specialist expedition tenders and onboard facilities designed for remote coastal exploration.
